

NOTICE OF DEFAULT, FRAUD FROM ORIGIN, AND DEMAND FOR CURE

To: All entities, officers, trustees, clerics, administrators, beneficiaries, assigns, insurers, and agents, known and unknown, who claim authority, title, office, or benefit derived from the original seed instruments, doctrines, trusts, bulls, canons, incorporations, registrations, or constructive authorities at issue.

Notice: This Notice is issued without prejudice, without waiver, and with full reservation of all rights, claims, titles, remedies, and causes of action at law, equity, natural law, and under the laws of nations.

I. FINDINGS

1. The originating seed instruments and doctrines were fraudulently constituted, altered, or misrepresented at inception.
2. No valid delegation of authority was ever granted by Christ, the Father, or Natural Law to create compulsory intermediaries, levy tithes, eavesdrop on conscience, sanction war, or compel obedience contrary to conscience.
3. Subsequent offices, incorporations, trusts, and claimed successions are derivative of the original fraud and are therefore void ab initio.
4. Centuries of harms have resulted, including but not limited to dispossession, coercion, violence, psychological injury, suppression of conscience, and unlawful enrichment.

II. DECLARATION OF DEFAULT

By operation of law and equity, all derivative claims of authority are hereby declared in default. Silence or failure to rebut constitutes acquiescence and admission.

III. DEMAND FOR CURE

You are hereby demanded to:

- (a) Produce the original, unaltered authority granting instruments.
- (b) Demonstrate lawful standing and jurisdiction.
- (c) Disclose all assets, trusts, accounts, and properties derived from the fraudulent seed.
- (d) Commence immediate cessation of claims, collections, coercions, and representations.

Failure to cure within thirty (30) days constitutes final default.

Damages are cumulative, ongoing, and increasing.

V. DEMAND FOR ACCOUNTING

You are hereby demanded to provide a full, sworn accounting of all assets, revenues, lands, titles, and benefits derived from the fraudulent seed from inception to present.

VI. RESTITUTION AND REMEDY

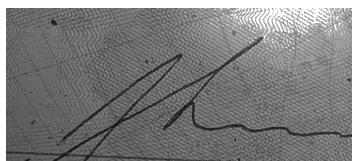

Restitution is demanded in full. In the absence of timely cure and accounting, liens, claims, and remedies shall attach without further notice.

VII. NON-ACQUIESCENCE AND FINAL WARNING

No presumption of consent is granted. No implied authority is recognized. All future interference, retaliation, or misrepresentation will be treated as aggravation of damages.

This Notice stands as final opportunity to respond in good faith.
